By sharing the availability of the pocket guide, Acadia is not recommending or suggesting the use of any drug mentioned in the pocket guide should be used for conditions, purposes, or uses other than the one(s) for which the drug has been approved by the FDA.

As always, healthcare professionals should exercise their professional judgment to make clinically sound decisions for individual patients, including reviewing the FDA-approved Prescribing Information of all medications prior to initiating treatment for any condition, including those listed in the pocket guide.

Distribution of the pocket guide made possible by the generous support of Acadia Pharmaceuticals, Inc. Acadia was not involved with content development. The following authors are former paid consultants of Acadia: David Smith, MD, CMD and Steven Buslovich, MD, MS, CMD.
